As a thank you and to acknowledge the contribution of our reviewers, the journal may publish a list of the names of those who have reviewed at the end of the year. This will not be linked to any specific paper and will only be done if the list of reviewers is long enough to protect the anonymity of the review process for individual papers. If you would prefer for your name **not to be included** in a published list of reviewers, please indicate this below.

Do not include my name

✓ ^{req} I confirm I have not uploaded the author manuscript to any third party tool and have not used a generative AI tool to produce this reviewer report.

Recommendation

Major Revision

Would you be willing to review a revision of this manuscript?

Yes

Confidential Comments to the Editors

Background: The rationale, background, and novelty of the research are not evident; Methodology: It is unclear what type of methodology was used; Results and Discussion: Because the methodology is unclear, the discussion lacks depth; The researcher is advised to revise the study in accordance with proper research standards; It is hoped that this study will demonstrate clear novelty.
